

FREEDOMCAR VS. YOUR CAR

A COST COMPARISON WORKSHEET FOR SENIORS

For senior citizens who rarely drive, owning a car isn't always money well spent, and it may not be worth the headache of having to maintain it. We've put together this cost comparison worksheet to help you run the numbers to see if FreedomCar can help you save.

KEY FACTS: HOW MUCH DOES OWNING A CAR COST PER YEAR?

Owning and operating a car is expensive. In the U.S., the average driver will spend approximately 57 cents for each mile driven. The cost of driving a typical sedan 15,000 miles per year can cost nearly \$713 per month!

The chart at right shows how those costs break down according to a 2016 study from AAA.

Fuel	\$1,268
